v.) 1:15-CV-292
)

Defendant.)

This matter is before the Court on motions by the defendant to confirm the arbitration award and on numerous motions filed by the plaintiff, Joyce Loney. The United States Magistrate Judge recommended that the defendant's motion to confirm the arbitration award be granted and did not address the other motions pending at the time. (*See* Doc. 36). Mr. Loney, who is also the subject of the motion to confirm the arbitration award and who was appropriately served, (*see* Doc. 36), did not object or file any other papers related to this matter. Ms. Loney filed a document identified on the docket as an objection to the Recommendation, (Doc. 38), but it does not contain any objections to the recommendation and instead appears to be a restatement of her dissatisfaction with the arbitration decision and a request for a jury trial. She also filed several other paper writings.
